

Odfjell Technology P&A and Slot Recovery

Odfjell Drilling and Odfjell Technology Group Structure

Established in 1973, Odfjell Drilling was the first Norwegian drilling contractor. Over the years, Odfjell Drilling evolved to include Well Services, Platform Drilling and Engineering in the group portfolio. In March 2022, Odfjell Drilling separated the mobile offshore drilling rig business from the other divisions and created a new company called Odfjell Technology.

Odfjell Technology At a Glance
